ADVICE THROUGH MEDIA SUPER

Another great benefit of your
Media Super membership

WHEN YOU NEED ADVICE, WE'RE JUST A PHONE CALL AWAY

1. Speak to our team over the phone

1800 640 886

Monday to Friday,
8.30am to 6.00pm (AEST/ AEDT).

Do you need information, guidance or advice about your super or other financial issues? Whether you're still working or have reached retirement, our Advice Services team can help.

Our team of experienced advisers can help you over the phone with a broad range of financial queries and professional advice service options.

We can talk to you about:

- choosing an investment option that's right for you
- contribution strategies including salary sacrifice and personal contributions
- nominating beneficiaries
- maximising your super for retirement with an income stream

For eligible members this service is provided as part of your Media Super membership, so there's no extra cost.

We can also provide more information and assistance about the insurances available through Media Super.

2. Meet with an accredited financial planner

If you need more comprehensive personal financial advice, our team can refer you to an accredited financial planner who meets strict professional qualification and service criteria set by us and the Financial Advice Association Australia (FAAA).

A financial planner can offer you advice on a fee-for-service basis. Any fees will depend on the complexity of your situation and will be agreed with you in advance.

You'll receive a written quote from the financial planner, which you'll need to sign before you can proceed with the service. You may be eligible to have your advice fees deducted directly from your Media Super account.

Call us on **1800 640 886** or visit
mediasuper.com.au/advice for details.

3. Attend a retirement planning webinar

Preparing to retire (or keen to start planning early)?

Our retirement planning webinars are provided at no extra cost to you and help you understand your options.

The webinars help you explore how to:

- make your money work harder, now and into the future
- set up salary sacrifice and transition to retirement strategies
- maximise Centrelink entitlements
- replace your income when you stop working full time.
