

# WORKING FOR A BETTER FUTURE WITH MEDIA SUPER

Media Super is the super fund for print, media, entertainment, arts and broader creative industries. Though we're formed mainly from creative fields, everyone is welcome to join, no matter what work you do.

Backed by Cbus Super, we support over 925,000 members to achieve the retirement they've worked hard for.

## Here's what sets us apart

### Returns that add up over time

We invest your super to help it grow so you'll have more to spend in retirement. With strong long-term investment returns, our Growth (MySuper) investment option has delivered an **annual average investment return of 8.91% over the past 41 years<sup>1</sup>**.

**8.91%**

### Investing back into creative industries

Through our funding arrangement with Fulcrum Media Finance<sup>2</sup>, we support Media Super members to bring entertainment to the big screen and into our members' homes. Recent production highlights include: **The Family Next Door**, **He Had it Coming** and the highly anticipated family feature film "**Bluey: The Movie**".

### Insurance that's fit for your job

We offer death, total and permanent disablement (TPD) and income protection cover. Most members can get cover automatically, with no health checks and subject to eligibility criteria.

Over the past three years<sup>3</sup>, we've accepted **99.3% of all death claims**, and **94.5% of all TPD claims**.

### Our responsible investment approach

We believe companies that are well-governed and manage Material<sup>4</sup> Environmental, Social and Governance (ESG) risks and opportunities in their operations and supply chains, such as those that impact employees, suppliers, customers, communities and the environment, will protect assets and grow our members' retirement savings over the long term. <sup>1</sup> Since inception from 1 July 1984 to 30 June 2025. The average annual investment return is based on the crediting rate. The crediting rate is the investment return minus investment fees and costs, transaction costs and investment-related taxes and until 31 January 2020, the percentage-based administration fee. Excludes fees and costs that are deducted directly from a member's account. Past performance is not a reliable indicator of future performance. Media Super merged with Cbus Super on 9 April 2022 and as a result, pre-existing Media Super investment options were closed and Media Super members were transferred to equivalent Media Super branded investment options under United Super Pty Ltd. The historical performance displayed prior to this date relates to Cbus Super investment options and does not incorporate the performance of Media Super.

<sup>2</sup> Fulcrum Media Finance provide access to pre-sale advance loans for film and TV productions across Australia and New Zealand. Cbus has a revolving loan of over \$100 million to support creative industries in Australia.

<sup>3</sup> For the three-year period to 30 June 2025

<sup>4</sup> Material ESG risks and opportunities are those that are likely to affect business or investment performance.
